

Learning.com 5th Grade Digital Literacy Assessment Guide

Students should only take the test from a District Computer. To log in:

Launch the Chrome Browser. Click **Educational Resources** icon on the Student Portal

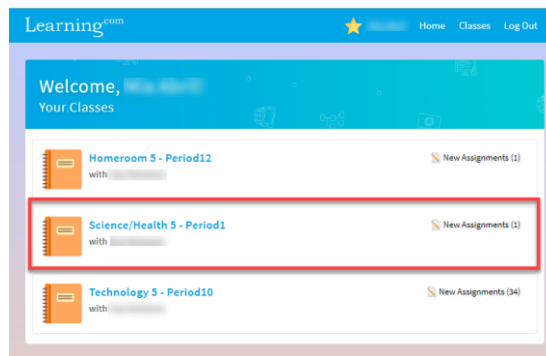

Click the **Learning.com** icon

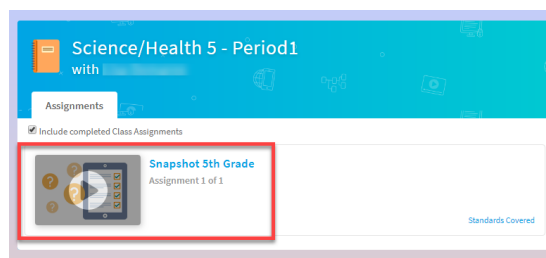

You will be logged in automatically

Select the **Science/Health Course**

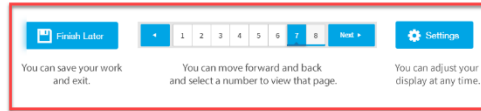

Click on the **Snapshot 5th Grade**

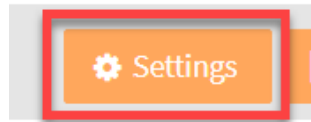

Read the test Control Features. You can adjust your settings/display as needed before clicking the **Start** button to begin the test. Note: You will have access to change your setting throughout the test also.

Click **Start**

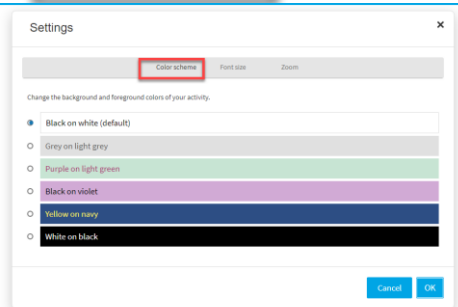

Let's take a look at the controls...

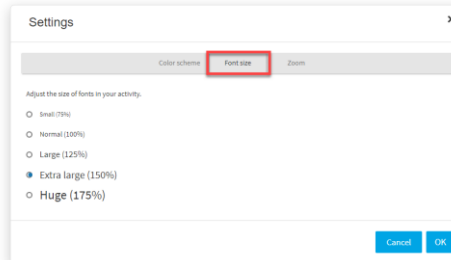

Features in Settings:

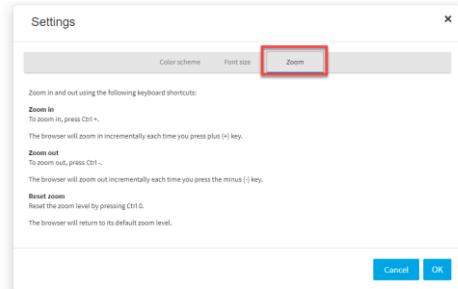

Color Scheme

Font Size

Zoom

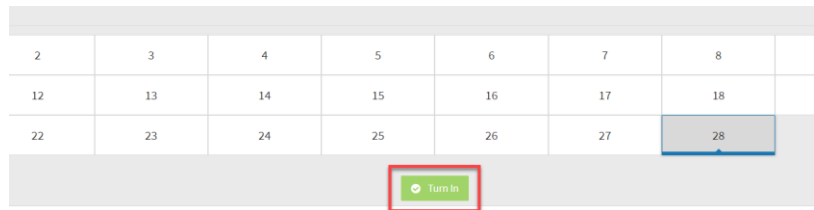

At any time during the test you can:

- Change your settings
- Save & Quit, then return to the test later
- Review your progress

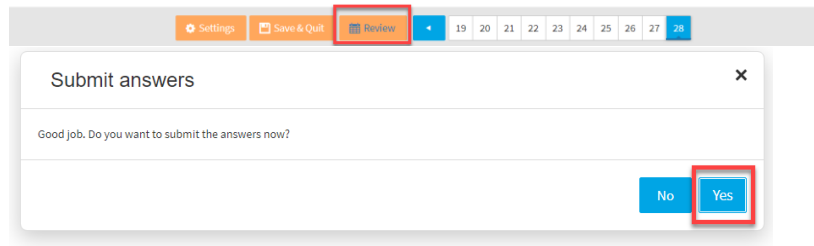

Turn in the test- only complete when you finish the test:

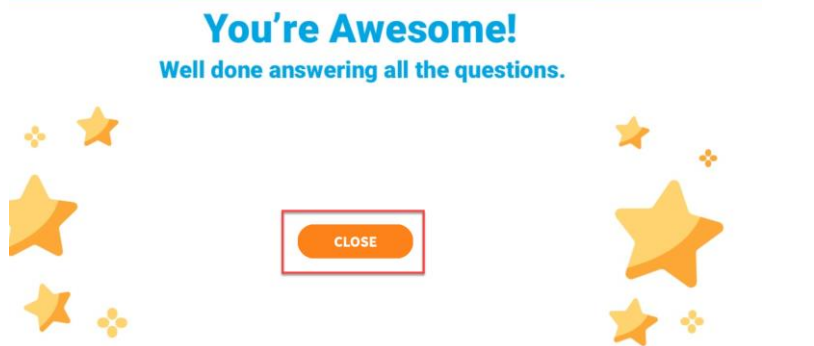

1. Click on **Review** button at the very bottom
2. **Check** to make sure you have completed all questions
3. Click **Turn In** .

Click Yes to submit your answers

Well Done! Click Close

Your grade will appear on your launch page.
